RE: AM Signal, Inc., DBE Certification

To Whom It May Concern,

I am very pleased to announce that AM Signal, Inc. is now certified as a Disadvantaged Business Enterprise (DBE) pursuant to the US Department of Transportation's Regulation 49 CFR Part 26! We are now listed on the Colorado Unified Certification Program's (UCP) on-line directory of eligible DBEs at www.coloradodbe.org.

AM Signal is eligible to participate as a DBE on US Department of Transportation financially-assisted projects in Colorado.

The DBE program promotes the utilization of disadvantaged businesses in construction, construction-related and service contracting opportunities in the City and County of Denver. The DBE program is designed to prevent racial and gender-based discrimination in projects funded by the U.S. Department of Transportation.

This is a great milestone I have achieved and am excited to share with all!

Sincerely,

Maureen Undzis
President
